

WatsEducation – Outdoor Learning Provision Audit

Key questions to plan and evaluate provision for Outdoor Learning.

Question	Evidence	Actions	Impact
Is the outdoor learning environment stimulating, thought provoking and enthralling?			
Is there all year round for outdoor learning and adventure?			
Does the outdoor learning space extend children's early learning of number and letter skills to accelerate their learning?			
Does outdoor learning widen pupils' experiences and engage their interest?			
Does the outdoor learning environment and covered area suitably enable learning to take place?			

Does outdoor learning limit or constrain children's learning and physical development?			
Are outdoor learning activities planned with focus and purpose?			
Is the school's own environmental area developed enough as a resource for outdoor learning?			
Does funding for sport and physical education extend opportunities for outdoor learning and adventure in all seasons?			
Have plans across all areas been devised and implemented so that the quality of the outdoor learning environment matches that found in classrooms?			

(All questions developed from research into Ofsted reports (June '15 - Feb.'16) where Outdoor Learning and Provision was specifically identified.)
